

Remote.com Countries

At Camunda we are a Remote workplace, where we put the emphasis on great talent and not where that talent is based.

Below you will find a list of all the countries we are currently operating a PEO (professional employer organisation) service through our partner at Remote, as well as details on the statutory and supplemental benefits we offer in those locations. Camunda is able to select from a predetermined benefits package determined by Remote. We continuously assess competitiveness to market in our benefits offerings and this page will be updated as new benefits are reviewed/implemented.

We are often finding amazing talent in new locations, and while we endeavor to keep this list up to date, please do get in touch if your location is not listed below.

If you have any questions please contact the below.

Ireland

Supplemental Benefits

An extensive summary of all specific benefits coverage can be found via the [Remote benefits page](#).

- **Medical:**
 - We have also worked with Remote to supplement the above statutory benefits with Enhanced Health Insurance, both International and Local, which included both Dental and Vision cover. Medical coverage is for employees only, but dependents can be added at your own cost.
 - If an employee would like to opt out of Remote's medical offering you are eligible for a monthly allowance of 250 EUR. This allowance is taxable. Please contact Remote if you would like to opt out.
- **Pension:**
 - All employees will auto opt into a DC pension scheme managed by Irish Life, the scheme operates at a 5% employee / 5% employer match.
 - In addition to this employees will receive a cash allowance of 5% to supplement the legacy contribution of 10%. This means that the total cost of the employer contribution is 10%.
 - If you would like to opt out of the scheme or increase your contributions through an AVC (additional voluntary contribution):
 - Please email people-operations@camunda.com.
 - Kindly note that opting out of the pension scheme will also remove the 5% cash allowance offered by Camunda.
 - Following enrollment into the scheme Camundi will receive an email from Irish life to sign into <https://www.pensionplanetinteractive.ie/empower/login>, this dashboard enables you to see an overview of your pension contributions etc.
 - Access will be sent typically 1-2 weeks following your first payroll run.
 - Funds are added mid month for the following months payroll, eg if you are paid on the 25th of January, you will see funds in the system in mid-February.
- **Group Life & Income Protection**

- As Remote does not currently have a group plan for Life & Income Protection, Camunda will supplement the benefit to employees via an allowance of 100 EUR per month for employees to obtain their own coverage.

All allowances in Ireland are taxable.

Healthcare:

We have also worked with Remote to supplement the above statutory benefits with Enhanced Health Insurance, both International and Local. The plan selected by Camunda is the **Premium Plan**. We are supplementing an additional health plan in Netherlands via Remote as part of our commitment to offer competitive benefits. Camunda pays for this offering, but the employee pays tax on the amount Camunda pays, as it is treated as a 'benefit in kind'. If the employee wants to add dependents they would do so at their own cost. For more information about getting the most out of your premium plan, have a look here- [Allianz Premium!](#)

You must enroll in the international plan to be eligible for the Local plan during annual renewal.

Pension:

- The total premium for the Remote pension plan is currently equal to 20.0% (defined contribution).
- The current division between employer and employee of this 20.0% is 15.2% employer and 4.8% employee.
 - The minimum requirements for a Dutch pension scheme for payroll companies are set in the act "Wet Arbeidsmarkt in Balans". As it is set in the legislation as well, Remote B.V. will charge the so-called "norm premie" (norm premium) to its clients for the employees involved; the employer's norm premium is set for 2023 at 15.7% of the Pension base salary. The pension base salary equals the fixed annual salary (max. € 128,810 for 2023) deducted with the so-called "franchise", which compensates the pension income from social security. The franchise level for 2023 is € 16,322. So in practice the contributions = (income (up to €128,810 max) - franchise €16,322) * 15.2%

30% Ruling:

From January 1, 2024, changes to the Netherlands' 30% ruling tax regime for expats are expected to take effect, as approved by the Dutch House of Representatives under the 2024 Budget Law bill:

- A graduated scheme will replace the current 5-year 30% ruling. New applicants will get a tax-free allowance of 30% of their salary for the first 20 months, 20% for the next 20 months, and 10% for the last 20 months.

- A transitional arrangement will be available for employees with a 30% ruling in the December 2023 payroll, allowing them to continue with the existing scheme, without the new modifications.
- All new Camundi will receive the graduated scheme of 30% of their salary for the first 20 months, 20% for the next 20 months, and 10% for the last 20 months.
